**Subject: Lynn Terrace**

**Dear Residents**

I want to start by saying thank you for your cooperation through the construction process. I know how difficult it must be to have something of this magnitude under construction in the place you call home. We appreciate your patience and will be doing everything we can to make this process as seamless as possible.

We will be starting work on Lynn Terrace on Monday, March 21<sup>st</sup>. This work will include the removal of a portion of the existing street, installing new storm pipping, backfilling with gravel and then re-paving the section of Lynn Terrace that was removed. We will be working on Lynn Terrace no longer than 7 working days, meaning we will be completed on that portion no later than March 29<sup>th</sup>. As we complete this portion of the project, a portion of the street will be inaccessible during working hours only. There will be through-access during the hours we are not working.

Please feel free to reach out to me at any point throughout the construction process with any questions or concerns you may have.

Thank you again for your patience and understanding.

Best regards,

Craig Damm
