

Construction Update

The following is an update regarding the Bucky's construction project as of 11/18/16:

- Bucky's contractors are working with the City's Engineering Department and IDOT to finalize crosswalks and striping issues in the right-of-way.
- The lights abutting the neighborhood have been temporarily turned off; the City has requested a third-party certification to ensure the lights meet the photometric plan.
- The equipment for the carwash is delayed. The City has requested a third-party certification to ensure the carwash meets the City's noise regulations.
- The City has granted permission to start stocking the shelves.
